

Zohaib Ullah

Peshawar, Pakistan | engrzohaibullah@gmail.com | github.com/Zohaibullah19

SUMMARY

Highly motivated Software Engineering student with hands-on experience in Full Stack Web Development and Flutter Mobile Application Development. Skilled in developing scalable web applications, cross-platform mobile applications, database-driven systems, and modern software solutions. Experienced in professional internships and real-world software projects. Passionate about creating innovative, user-friendly, and high-performance digital products while continuously learning emerging technologies.

EDUCATION

City University of Science & Information Technology, Peshawar

Bachelor of Science in Software Engineering (BSSE), Currently Studying in 5th Semester, Focus Expected Graduation: 2029
Areas: Software Engineering, Full Stack Development, Database Systems, Mobile Application Development, Data Structures & Algorithms

BISE Bannu

Higher Secondary School Certificate (FSc Pre-Medical), Marks Obtained: 899/1100 2023

BISE Kohat

Secondary School Certificate (Matric Science), Marks Obtained: 938/1100 2021

EXPERIENCE

Flutter Developer Intern

June 2025 – July 2025

Optimus Automate

- Developed Flutter mobile applications.
- Integrated Firebase authentication and databases.
- Designed responsive and modern mobile interfaces.
- Implemented production-ready features.

Full Stack Development Intern

June 2025 – July 2025

CodeAlpha

- Developed responsive full-stack web applications.
- Built frontend and backend modules.
- Integrated APIs and databases.
- Delivered complete software solutions.

PROJECTS

Skillorithm (Full Stack Learning Platform) — Ongoing | Developing a comprehensive online learning platform featuring authentication, course management, student dashboards, quizzes, progress tracking, and educational tools.

- Technologies: Next.js, Node.js, MongoDB

Hospital Management System (Full Stack) — Ongoing | Developing a complete hospital management solution including patient records, doctor management, appointments, billing, pharmacy, laboratory modules, and analytics dashboards.

- Technologies: Next.js, Node.js, MongoDB

LinguaMaster (Flutter Mobile Application) | Interactive language learning application with lessons, quizzes, vocabulary training, achievements, and progress tracking.

- Technologies: Flutter, Dart, Firebase

FitTrack Pro (Flutter Mobile Application) | Fitness tracking application enabling users to monitor workouts, fitness goals, health progress, and activity analytics.

- Technologies: Flutter, Dart, Firebase

SocialSphere (Social Media Platform) | Social networking platform featuring user profiles, posts, likes, comments, messaging, notifications, and social engagement.

- Technologies: Django, HTML, CSS, JavaScript

ShopHub (E-Commerce Platform) | Modern e-commerce platform with product management, shopping cart, checkout workflow, order management, and responsive user interface.

- Technologies: HTML, CSS, JavaScript

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Next.js

Backend: Node.js, Express.js, Django, REST APIs

Databases: MongoDB, MySQL, Firebase

Mobile Development: Flutter, Dart, Firebase

Tools: Git, GitHub, VS Code, Postman, Vercel, Render

CERTIFICATIONS

Flutter Development Internship — Optimus Automate

Full Stack Development Internship — CodeAlpha

Social Media Marketing Certificate — UNDP & USAID

Typing Master Certification — 50 WPM Typing Speed

LANGUAGES

English; Urdu; Pashto

ACHIEVEMENTS

Successfully completed multiple software internships. Developed and deployed full-stack web applications. Built mobile applications using Flutter and Firebase. Completed professional social media marketing training. Certified typing speed of 50 words per minute.
